Special Parent Instructions for Gift Certificates

What to do when the cashier says there is no balance on the card.

Always check the toll-free number on the back of all gift cards for balances of gift cards before returning them to us. Most gift cards offer a toll free number or a site on line that can give you the complete history of the card and solve the reason why the card may not be valid.

What if I need a larger dollar value on a card?

This is a Special Order – Some of the gift certificates are available in larger denominations (Lowe's, Sears, Home Depot, Restaurants and more!). Please give us a week's notice so that we may alert **UnitedScrip**.

Do the cards have Expiration Dates and Dormancy Fees?

Some cards will have an expiration date written on them. Companies are now applying a Dormancy Fee or non-use fee as opposed to an expiration date on their gift certificates. This fee will deduct a set dollar amount from the card balance each month (i.e. \$1.50 or more) after a certain amount of months of non-use. This amount will be deducted each month until the balance is zero. When the card is once again used, the time period for dormancy will be restarted. In some cases the fee may be retroactive to the original activation date.

Return Policy

- We will accept returns if:
- The certificates are returned within 3 months of purchase.
 - We receive the approval of **UnitedScrip**.
 - The certificates are not signed, damaged, or folded.
 - The certificates have not expired.
 - We will not accept returns of special order gift certificates without verifying that UnitedScrip will accept the certificate.

If you have any questions or concern, give us a call at the number listed at the left.
